

BJ's Sweet Treat Box

By Becky Fisher & Joy Stoddard

Pink score lines are 1" from edge on all 4 sides.

For the bottom of the box, cut your cardstock at $5 \frac{5}{8}$ " square, scoring at $1 \frac{1}{4}$ " on all four sides.

For the top of the box, cut your cardstock $5 \frac{1}{4}$ " square, scoring at $1 \frac{1}{4}$ " on all four sides.

Using white StazOn, stamp your image on a 3" X 3" square of acetate. You may want to cut your acetate just a hair smaller than 3" square so it will fit neatly in your lid.

Using the small Coluzzle, cut a circle in the center of the lid and back with your stamped acetate piece.

If you cut your bottom first and then your lid, you will be able to get two complete boxes from a 12" X 12" piece of cardstock.
