

Money Holder / Card
By
Becky Fisher

Cut cardstock 7in x 7 1/2in. Score along the 7in side at 3 1/4in and 6 1/2in, leaving 1/2in to fold over.

Fold on score lines but before putting adhesive on the 1/2in flap, crimp the bottom of the holder about 1/2in up. Now apply adhesive on the flap and across the bottom.

Using a 1in. Circle punch, punch the top of the holder (cut half circle only, not entire circle to create the open notch).

For the insert, cut a piece of cardstock 3in by 7in. Using a 1/4 in circle punch, punch 2 circles. Fold each circle in half and secure to each end of your cardstock with brads to create little notches to hold the money.

Embellish to your liking.
